

Create Inventory Counting Journals:

Steps for Microsoft Dynamics D365:

Step-1. Open Dynamics 365.

Step-2. Click on Module and Navigate to “**Inventory Management > Journal Entries> Item Counting > Counting.**”

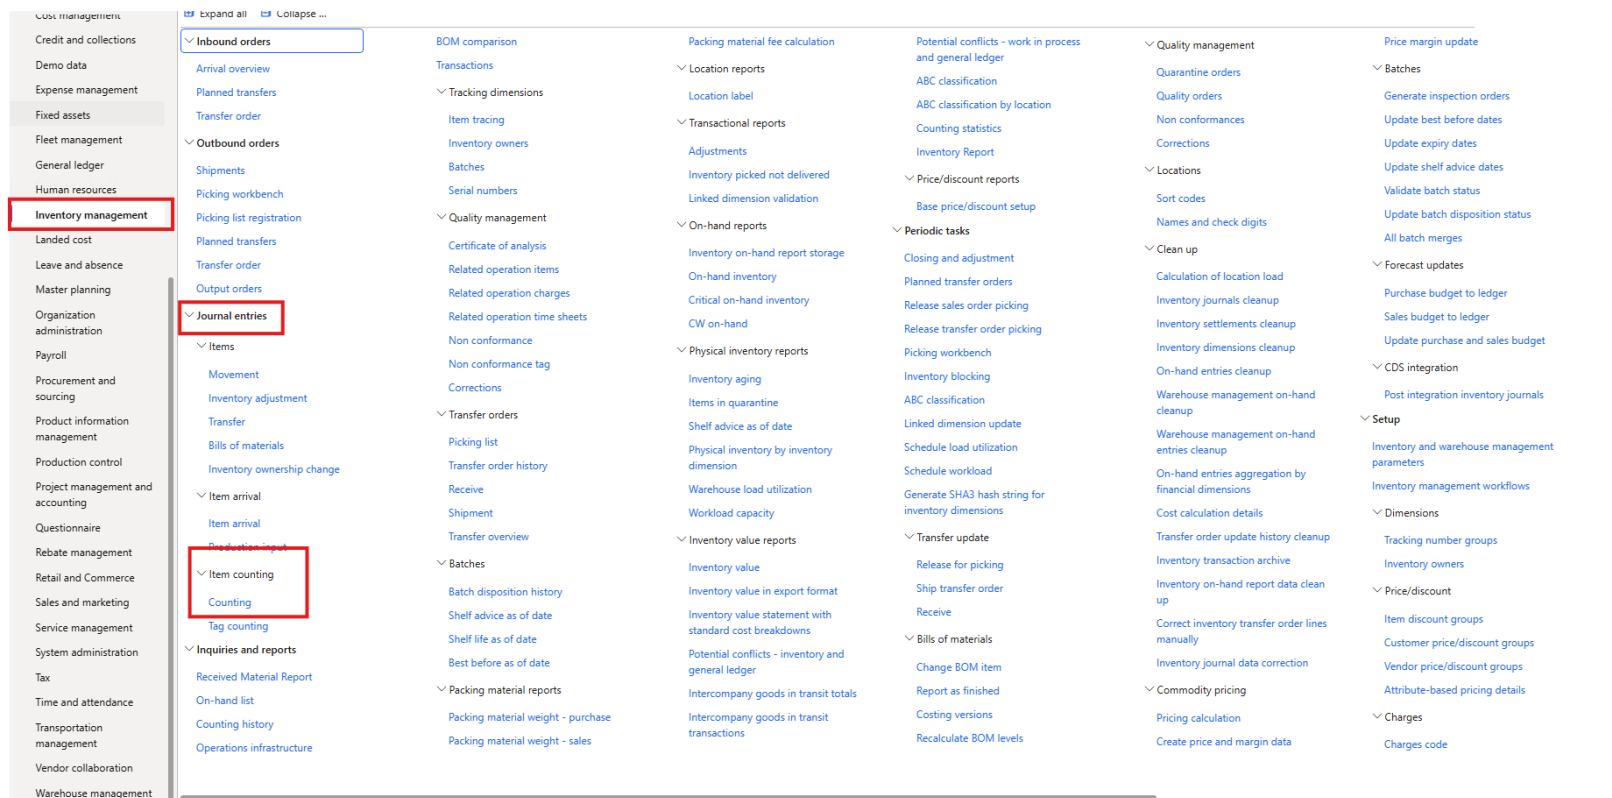

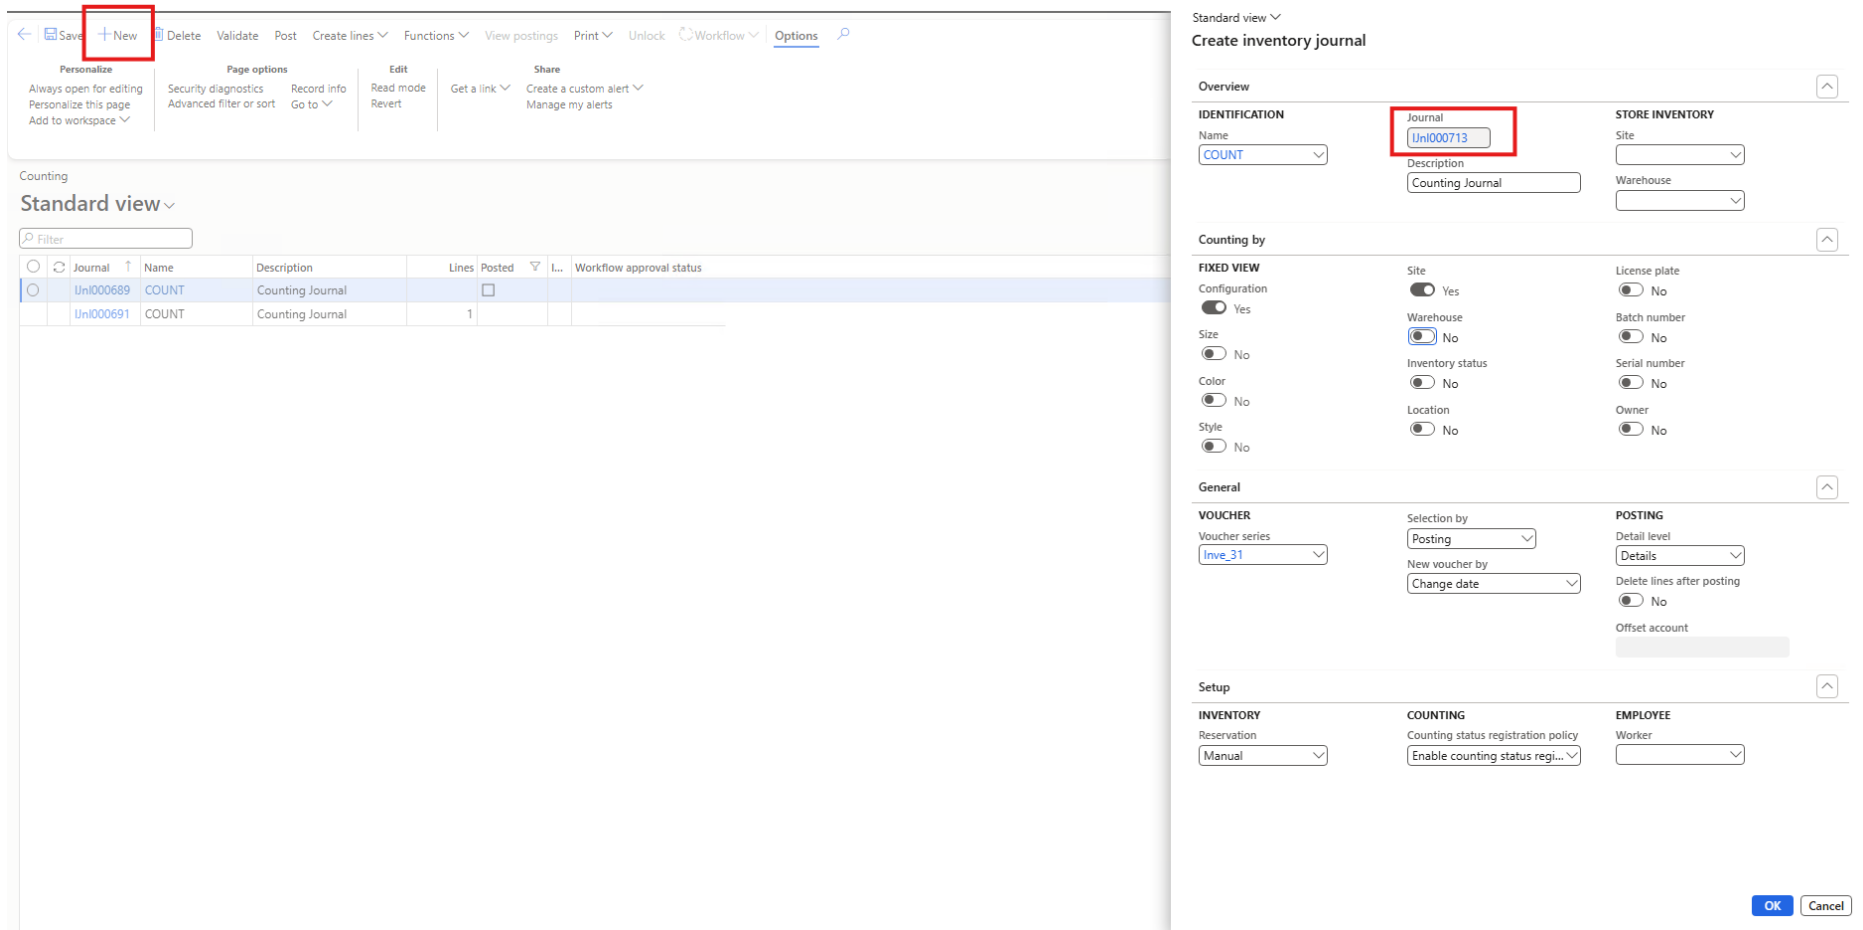

Figure 1 Module Navigation

Step-3. Click on “+New” in the Action Pane and create an inventory journal form open with journal no "00713".

The screenshot displays the SAP 'Create inventory journal' form. The 'Journal' field is highlighted with a red box, showing the value 'Jnl000713'. The 'Warehouse' and 'License plate' checkboxes are also highlighted with red boxes. The form is divided into several sections: Overview, IDENTIFICATION, Counting by, FIXED VIEW, General, VOUCHER, POSTING, Setup, INVENTORY, COUNTING, and EMPLOYEE. The 'Counting by' section is currently selected, showing various configuration options for the inventory counting process.
